INDEPENDENT AUDITOR'S REPORT

August 8, 2022

Board of Commissioners Housing Authority of the Borough of Collingswood Collingswood, New Jersey

Opinions

I have audited the accompanying financial statements of the Housing Authority of the Borough of Collingswood as of and for the years ended March 31,2022 and 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of March 31, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. I am required to be independent of the Housing Authority of the Borough of Collingswood, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the Authority's Proportionate Share of the Net Pension Liability, Schedule of the authority's contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Collingswood Housing Authority's basic financial statements. The accompanying financial information, the combining statements of net position, activities and changes in net position and Financial Data Schedule as listed in other supplementary Information in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The combining statement of net position, activities and changes in net position, Financial Data Schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining statements of net position, activities and changes in net position, financial data schedule are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report August 8, 2022 on my consideration of the Collingswood Housing Authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Collingswood Housing Authority's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF THE BOROUGH OF COLLINGSWOOD

MANAGEMENT'S DISCUSSION AND ANALYSIS

March 31, 2022

As management of the Housing Authority of the Borough of Collingswood we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the years ended March 31, 2022 and March 31, 2021. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements, which begin on page 8.

FINANCIAL HIGHLIGHTS

2022

- The assets of the Authority exceeded its liabilities at the close of the fiscal year by \$1,676,274 (net position)
- The Authority's unrestricted cash balance at March 31, 2022 was \$461,108 representing an increase of \$49,589 from March 31, 2021.
- The Authority had intergovernmental revenues of \$ 454,540 HUD operating grants for the year ended March 31, 2022.

2021

- The assets of the Authority exceeded its liabilities at the close of the fiscal year by \$1,522,212 (net position)
- The Authority's unrestricted cash balance at March 31, 2021 was \$411,519 representing an increase of \$249,880 from March 31, 2020.
- The Authority had intergovernmental revenues of \$ 389,928 HUD operating grants for the year ended March 31, 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements included in this annual report are those of a special-purpose government engaged only in a business-type activity. The following statements are included:

- Statement of Net Position reports the Authority's current financial resources (short term spend able resources) with capital assets and long-term debt obligations.
- Statement of Revenues, Expenses and Changes in Fund Net Position reports the Authority's operating and non-operating revenues, by major source along with operating and non-operating expenses and capital contributions.
- Statement of Cash Flows reports the Authority's cash flows from operating, investing, capital and non-capital activities

FINANCIAL ANALYSIS OF THE AUTHORITY

Net Position: may serve over time as a useful indicator of an agency's financial position. In the case of the Collingswood Housing Authority, assets exceed liabilities by \$1.16 million at the close of the most recent fiscal year. The following table shows a summary of changes from the prior years

	2022	2021	2020
Current and Other Assets	824,083	767,143	512,469
Capital Assets, net of depreciation	1,296,674	1,247,058	1,371,156

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Program Description

The Housing Authority of the Borough of Collingswood, New Jersey was organized under the laws of the State of New Jersey and operates under an Annual Contributions Contract (ACC) with the United States Department of Housing and Urban Development (HUD) to provide low-income housing to eligible participants under the United States Housing Act of 1937, as amended. The formation and operation of the Housing Authority is governed by the Act, and administered by HUD under the Annual Contributions Contracts.

The Authority is governed by a Board of Directors appointed locally. An Executive Director is appointed by the housing authority's Board to manage the day-to-day operations of the Authority.

Low Rent Housing Program

This program provides low-rent housing to qualified residents of the Borough of Collingswood, New Jersey. All units are owned and operated by the Housing Authority. The operations of the program are subsidized by HUD through an Annual Contributions Contract. Operating subsidy contributions for the years ended March 31, 2022 and 2021 were \$454,540 and \$389,568 respectively, and are included in operating subsidies in the combined statement of revenues, expenses and changes in net position.

Capital Fund Program Grants

Capital fund grants are recognized as revenues in the combined statement of revenues, expenses and changes in net assets in accordance with GASB Statement No. 34. Capital grants support the development, modernization and operation of public housing developments.

B Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity is made by applying the criteria set forth by GASB. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organizations included in the reporting entity although the primary organization is not financial accountable. Based on these criteria, there are no additional agencies which should be included in the financial statements of Collingswood Housing Authority.

C - Basis of Accounting

The Authority accounts for its operations in a single enterprise fund. Enterprise funds account for those operations financed and operated in a manner similar to a private business or where the Authority has decided that determination of revenue earned, costs incurred and net revenue over expense is necessary for management accountability.

Enterprise funds are proprietary funds used to account for business activities of special purpose governments for which a housing authority qualifies under GASB No. 34, "Basic Financial Statements – Management's Discussion and Analysis—for State and Local Governments." Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting, whereby all revenues are recognized in the period in which they are earned and expenses are recognized in the period in which the liability is incurred regardless of the timing of the related cash flows. All assets and deferred outflows and liabilities and deferred inflows associated with the operation of the Authority are included in the statements of net position. The statements of revenues, expenses and changes in net position present increases (revenue and capital contributions) and decreases (expenses) in total net position.

New Accounting Standards Adopted:

GASB Statement No. 84, Fiduciary Activities, is effective for the year ending June 30, 2021. This statement defines criteria for identifying activities that state and local governments should report as fiduciary activities and how they should be reported.

GASB Statement No. 90, Majority Equity Interest, is effective for the year ending June 30, 2021. This statement amends GASB Statement No. 14 and GASB Statement No. 61 and defines a majority equity interest and specifies how a majority equity interest in a legally separate organization should be reported.

GASB Statement No. 93, Replacement of Interbank Offered Rates, establishes accounting and reporting requirements related to the replacement of Interbank Offered Rates such as the London Interbank Offered Rate (LIBOR) for hedging derivative instruments. As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form after December 31, 2021. The requirements of this statement, except for paragraphs 11b, 13 and 14 are effective for the year ending June 30, 2021. The removal of LIBOR as an appropriate benchmark interest rate, as referenced in paragraph 11b of this statement, is effective for the year ending June 30, 2022. The requirements for leases, as referenced in paragraphs 13 and 14 of this statement, are effective forthe year ending June 30, 2022

New Accounting Standards Adopted: - continued

GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance, is effective for the year ending June 30, 2020. This statement provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

New Accounting Standards not yet adopted:

GASB Statement No. 87, Leases, is effective for the year ending June 30, 2022. Its objective is to improve accounting and financial reporting for leases by governments by establishing a single model for lease accounting based on the principle that leases are financing of the right to use an underlying asset. It requires recognition of certain lease assets and liabilities that were previously classified as operating.

GASB Statement No. 89, Accounting for Interest Cost Incurred before the end of a Construction Period, is effective for the year ending June 30, 2022. This statement suspends paragraphs 5-22 of GASB Statement No. 62 and requires that interest cost incurred before the end of a construction period be recognized as an expense. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

GASB Statement No. 90, Majority Equity Interest, is effective for the year ending June 30, 2021. This statement amends GASB Statement No. 14 and GASB Statement No. 61 and defines a majority equity interest and specifies how a majority equity interest in a legally separateorganization should be reported.

GASB Statement No. 91, Conduit Debt Obligations, is effective for the year ending June 30, 2023. This statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associate with commitments extended by users, arrangements associate with conduit debt obligations, and related note disclosures.

GASB Statement No. 92, Omnibus 2020, is effective for the year ending June 30, 2022. Enhances comparability in accounting and financial reporting and improves the consistency by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

New Accounting Standards not yet adopted: - continued

GASB Statement No. 96, Subscription-Based Information Technology Arrangements, is effective for the year ending June 30, 2023. This statement provides guidance on accounting for Subscription-Based Information Technology Arrangements (SBITA) where the government contracts for the right to use another party's software.

Budgeting and Budgetary Accounting

The Authority prepares an annual operating and capital budget for all programs in accordance with HUD requirements. The budget is formally adopted by resolution of the Authority's Board of Directors. Once adopted, the Board of Directors may amend the adopted budget when unexpected modifications are required in estimated revenues and expenses. The budget is prepared on a detailed line-item basis.

E - Cash and Cash Equivalents

The Authority considers all securities, including certificates of deposits and short-term investments, with maturities of three months or less to be cash equivalents.

F-Investments

Investments consist of Certificates of Deposit with maturity dates in excess of three months.

G – Capital Assets

Capital assets include land, structures and equipment recorded at cost and is comprised of property betterments and additions, and modernization program costs. Charges for maintenance and repairs are expensed when incurred. The authority depreciates these assets over their estimated useful lives using the straight-line method of depreciation.

Category	<u>Useful lives (in Years)</u>
Buildings	40 years
Building Improvements	15 years
Furniture and Equipment	3 - 20 years
Machinery	3 - 20 years

Long-lived assets are reviewed annually for impairment under the provisions and in accordance with GASB No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries."

H – Accrued Compensated absences

In accordance with the Authority's personnel policy, employees can accumulate sick leave with a maximum accumulation of 30 days. Unused sick days are not paid upon termination. Vacation time must be used in the year provided with no carryover to the next year, therefore, there is no accrual for compensated absences.

I – Post Employment Benefits

The Authority does not provide its employees with any health or post-employment benefits, therefore there is no accrual for other post employment benefits.

J – Equity Classifications

Equity is classified as net position and displayed in three components:

<u>Net Investment in Capital Assets</u> – consists of any capital assets, net of accumulated depreciation and reduced by any outstanding balances of loans, notes or mortgages

<u>Restricted Net Position</u> -. consists of the net amount of assets with constraints placed on the use either by (1) external groups such as creditors, grantors, laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u> – all other net amounts of assets that do not meet the definition of "restricted" or "net investment in capital assets".

K - Use of Restricted Assets

When both restricted and unrestricted resources are available for a particular restricted use, it is the Authority's policy to use restricted resources first, and then unrestricted resources as needed.

L - Operating Revenues and Expenses

The Authority defines its operating revenues as income derived from charges to residents and others for services provided, and in the management of Authority assets. Its operating expenses are costs incurred in the operation of its program activities to provide services to residents and others. The Authority classifies other revenues and expenses as non-operating.

M - Income Taxes

The Authority is a New Jersey municipal authority and, as such, is exempt from income taxes and other state and local taxes. The Authority believes it has not engaged in any activities for which its tax-exempt status would not be sustained under Internal Revenue Service examination or that would require filing of an income tax return for unrelated business income taxes.

N- Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

O - Economic Dependency

The Low Rent Housing Program of the Authority is economically dependent on operating grants and subsidies from HUD.

NOTE 2 – CASH AND INVESTMENTS

HUD requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security deposits. Obligations furnished as security must be held by the authority or with an unaffiliated bank or trust company for the account of the authority.

It is the Authority's policy to maintain collateralization in accordance with the requirements of HUD. Authority cash and investment balances are covered by the Federal Deposit Insurance Corporation up to \$250,000 with the balance being covered by the Governmental Unit Deposit Protection act of the State of New Jersey.

NOTE 2 - CASH AND INVESTMENTS - continued

As of March 31, 2022 and 2021, cash and investment balances consist of the following:

		2022		2021

Net Capital Assets	1,371,156	(124,098)			1,247,058

NOTE 4 – RISK MANAGEMENT

The Authority is exposed to various risks of potential liabilities, such as theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. In order to deal with these potential liabilities, the Authority's risk management program consisted of various insurance policies covering each of these risks. The Authority believes such coverage is sufficient to preclude any significant uninsured losses to the Authority.

NOTE 5 – COMMITMENTS AND CONTINGENCIES

During the year ended March 31, 2015 the Authorities entered into a lease commitment, as lessor, with Sprint for renting space which was automatically renewed for a five-year period The current monthly payment is \$2,491.00

Also, the Authority entered into a lease with AT&T in 2014 for a five-year period which was automatically renewed. The current monthly payments are \$3,334.00.

NOTE 6 – PAYABLE TO OTHER GOVERNMENT AGENCIES – (PILOT)

The Authority is required to make a payment in lieu of taxes (PILOT) for the PHA Owned Program in accordance with the provisions of its cooperation agreement with the Borough of Collingswood, New Jersey. Under the cooperation agreements, the Authority must pay the lesser of 10% of its net shelter rent or the appropriate full real property taxes. During the fiscal years ended March 31, 2022 and 2021, PILOT expense was accrued in the amounts of \$28,989 and \$27,347, respectively. Shown on statement of net position as payable to other government.

NOTE 7 – <u>Deferred Outflows/Inflows of Resources</u> – Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. Deferred outflows of resources consist of unrecognized items not yet charges to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources until that time. These inflows consist of unamortized portion of the net difference between projected and actual earnings on pension plan investments.

NOTE 8 – PENSION PLAN

Description of Plan

The Authority participates in the Public Employees Retirement System (PERS), a cost-sharing multiple employers defined benefit pension plan administered by the Division of Pensions within the Department of Treasury, State of New Jersey. It is a cost-sharing, multiple-employer defined benefit pension plan. The PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. to provide coverage, including post-retirement health care, for substantially all full-time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system. Membership is mandatory for such employees.

NOTE 8 – PENSION PLAN - continued

Vesting and Benefit Provisions

The vesting and benefit provisions for the PERS are set by N.J. S.A. 43:15A and 43:3B. All benefits vest after ten years of services, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined.

Funding Requirements - PERS

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994 and Chapter 115, P.L. of 1998, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers' contributions are actuarially determined annually by the Authority's total contributions to PERS for the year ended were \$ 21,794.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – at March 31, 2022, the Authority reported a liability of \$ 220,459 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the authority's share of contributions to the pension plan relative to the contributions of all PERS participating employers. At June 30, 2021, the authority's collective proportion percentage was ...0018475258

For the year ended the authority recognized pension expense of (\$ 15,046). At March 31, 2022, the authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		3/31	/202	2		3/3	1/20	21
	D	eferred	I	Deferred	D	eferred]	Deferred
	O	utflows		Inflows	O	utflows		Inflows

Differences between expected and actual		3,477		1,578		5,485		1,065
Authority contributions subsequent to the		-				-		
measurement date		-				-		
Total	\$	9,983	\$	138,138	\$	43,045	\$	127,215

NOTE 8 - PENSION PLAN - continued

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

Year	
Ended	
31-Mar	Total
2023	(25,631)
2024	(25,631)
2025	(25,631)
2026	(25,631)
2027	(25,631)
	\$ (128,155)

<u>Actuarial assumptions</u> – the total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation: price

Wage 3.25%

Rates of salary increases:

through 2026 2.00 - 6.00%

based on years of service

2.75%

Thereafter 3.00 - 7.00%

based on years of service

Investment rate of return 7.00%

Mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality tables with an 82.2% adjustment for males and 101.4% adjustment for females., as appropriate, with adjustments for mortality improvements based on Scale AA.

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimate ranges of expected future real rates of return are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major class included in PERS's target asset allocation as of June 30, 2019 are summarized in the following table

NOTE 8 - PENSION PLAN - continued

	Target	Expected Real
Asset Class	Allocation	Rate of Return
US Equity	27.00%	8.09%
Non-US developed markets equity	13.50%	8.71%
Emerging Markets equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Estate	8.00%	9.15%
Real assets	3.00%	7.40%
High Yield	2.00%	3.75%
Private credit	8.00%	7.60%
Investment grade credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount Rate - the discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2046. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057, the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

<u>Pension Plan Fiduciary Net Position</u> – detailed information about the pension plan's fiduciary net position Is available in the separately issued PERS financial report which is available on the PERS website at www.

Sensitivity of the Authority's Proportionate Share of Net Pension Liability to changes in the Discount Rate – the following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.006 percent) or 1-percentage point higher (8.00 percent) than the current rate,

	1% Decrease	Discount Rate	1% Increase
Authority's proportionate share of			
the net pension liability	303,420	220,459	154,398

NOTE 9 – Defined Contribution Plan

The Authority also participates in the "New Jersey Defined Contribution Retirement Plan" which is a Money Purchase Plan. Under the plan 5.5% of an employee's annual base salary is automatically contributed, The State of New Jersey contributes an amount equal to three percent of employees base salary. This plan is administered by Prudential Insurance Co. The Authority's contributions to the plan for the years ended March 31, 2022, 2021 and 2020 were \$ 1,275, \$1,260 and \$1,254, respectively.

NOTE 10 – SUBSEQUENT EVENTS

In preparing these financial statements, the Housing Authority has evaluated events and transactions for potential recognition or disclosure through August 8, 2022. the date the financial statements were available to be issued.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Directors Collingswood Housing Authority Collingswood, New Jersey

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Collingswood Housing Authority, as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise Collingswood Housing Authority's basic financial statements, and have issued our report thereon dated August 8, 2022...

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered Collingswood Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Collingswood Housing Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of Collingswood Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Collingswood Housing Authority's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
